Women and Children Are Beaten by Police in General Mixup

DUBLIN, Aug. 31.—The bloody rioting in connection with the twenty-day strike was renewed today. Hundreds of persons, including 30 constables, were injured. All the hospitals are so crowded that many serious cases had to be sent to their homes for treatment.

A strike committee, in the interest of peace, had receded early in the morning the proposed mass meeting in O'Connell street, and had substituted a parade from Park road place to Croft road, at Fairview, a suburb on the north side of the city. The authorities nevertheless had prohibited the mass meeting.

Croft road, which is the terminus of the strike, was the scene of a rioting in connection with the twenty-day strike. The rioting was renewed today. Hundreds of persons, including 30 constables, were injured. All the hospitals are so crowded that many serious cases had to be sent to their homes for treatment.

LAWYERS TO BEAT JEROME? SAY HABEAS CORPUS IS DEFECTIVE

Thompson Disappears From Sherbrooke; Followed by Detectives

SHERBROOKE, Que., Aug. 31.

Harry K. Thaw's lawyers, swept off their feet yesterday by the sudden move of William Travers Jerome in obtaining through John Roudreau, the Constable chief of police, a writ of habeas corpus requiring that Thaw be produced in the superior court here Tuesday, spent the day in conference, and gave renewed expression tonight of their belief that the writ would not be sustained.

"If it is sustained," said W. E. McKewen of the Thaw forces, "there is always recourse to appeal, and I am inclined to think that appeal to the court of review or to the court of appeals would act as a stay and hold our client in jail safe from deposition. In the face of such circumstances, I do not see how New York state can make any move until the king's bench convenes in October."

Thaw spent the day in his cell writing letters and dictating to his stenographer. As was the case last Sunday, there was no religious service in the prison. Several women called and gave the fugitive flowers.

Signa Paulsen by mistake. W. L. Shurtliff of Coaticook, the first attorney who was retained for Thaw after his arrest, said today he had heard that Roudreau told a number of friends that he had signed the petition for the writ of habeas corpus in Thaw's case through a friend.

Some one had told him, so the story ran, that he was adding his signature to a document which would set him free. He said he was a patriot, and that he would not do anything to help a man who was a traitor.

WANAMAKER'S PASTOR VICTIM OF ALTITUDE Rev. E. L. Jarvis Suffers Heart Attack and Is Rushed to Kansas

The Rev. Robert E. L. Jarvis, D. D., Ph. D., of Philadelphia, pastor of the Bethany Presbyterian church, the famous church of John Wanamaker, was stricken suddenly with heart trouble, due, it is believed, to the high altitude, shortly before 8 o'clock last night at the home of the Rev. Samuel Jarvis, 1121 North Nevada avenue, Dr. Jarvis was to have occupied Dr. Jarvis's pulpit at the First Presbyterian church at the evening services, and was preparing to leave the house when the attack came.

At 10:30 o'clock last night, on the orders of a physician, he was taken to a lower altitude at once, he left this city for Winfield, Kan.

Dr. Jarvis, who is an old friend of Dr. Jarvis, has been visiting him here for some time. Recently Dr. Jarvis, ill from overwork, went to the mountains for a rest, and Dr. Jarvis accompanied him. The altitude where they were staying, much higher than in Colorado Springs, affected Dr. Jarvis badly, and he was ill much of the time they were there, especially toward the last. He did not return to this city, however, because he wished to stay with Dr. Jarvis, to help him if necessary. The two came to Colorado Springs last Friday evening, after spending 10 days in the mountains. Since then Dr. Jarvis has had several attacks of heart trouble, but the one last night was the most serious. Physicians were called, and ordering him to go at once to a lower altitude. Dr. Jarvis himself preached the evening sermon at the First Presbyterian church.

SPRINGS MAN MISSING; HAD \$800 IN POCKETS

Police Asked to Find Burdett Rockie,
Who Drove Money Wednesday and
Started for Denver

Burdett Rockie, of 607 East Boulder street, a machinist at Strang's garage, has been missing since last Wednesday, and his wife, Mrs. Mary E. Rockie, and his family are unable to account for his absence. When he left home he said he was going on a trip to Denver, and that he would be back Thursday. Since then, according to statements given out last night by members of his family, it has developed that he took practically all of his clothes with him, and that he drew about \$800, which he and his wife had deposited from the Colorado Springs National bank before he left here. The police of both Denver and Colorado Springs have been notified of his disappearance, and the family yesterday gave the local police Rockie's picture. So far, however, all efforts to locate him have proved fruitless.

Left in Automobile.
Rockie, his family said last night, for some time expressed a desire to make a short visit to Denver. Wednesday he sought his wife, who was away from home at the time, and told her that he was going to Denver that afternoon in an automobile with another

HALE TAKING MESSAGE TO PRES. WILSON

Will Lay Facts of Mexican Situation Before the Officials

LIND STILL AT VERA CRUZ

Return of Mrs. Charles Some Hope, But May Not Be Able to End War

VERA CRUZ, Aug. 31.—Dr. William Bayard Hale, who is now on his way to Washington and should arrive there Tuesday or Wednesday, is expected to place before President Wilson and Secretary of State Bryan important facts in the Mexican situation which have had a bearing on the negotiations between the two countries.

The president's personal representative, John Lind, is still here awaiting instructions from Washington, but so far has not received any indication from the Mexican government that it would be willing to make more concessions to the American demands.

It was considered not improbable that a certain Minister Gombos's explanation that General Huerta could not become a candidate for the presidency at the next election, because of the constitutional amendment made during the administration, might be accepted by the American representatives as a guarantee that he would not return definitely from the country.

USE 20 TONS DYNAMITE IN CANAL BLAST

Waters of Pacific Tunnel in When Barrier Is Blown Away

CUT SOON IS NAVIGABLE

Dredges Pass Through the Opening; Channel Is Almost Completed

PANAMA, Aug. 31.—The last remaining barrier at the Pacific end of the Panama canal was blown up by dynamite this morning. At 10 o'clock an electric switch was thrown on and hundreds of tons of mud and stones were thrown high in the air as the tremendous force of the explosions reached the nearby hills.

About 20 tons of dynamite, equivalent to 45,000 pounds of 45 per cent dynamite, was used in the blast, which was one of the largest ever set off in the world.

The charge, which was planned in 544 holes at an average depth of 50 feet, tore a big gap in the barrier, but not to a sufficient depth to permit water to flow through. As the tide was low, it was not possible to get the water to flow through.

Equally interesting as the explosion was the actual breaking of the barrier this afternoon, the tide creeping steadily up until, at 1:35 o'clock, it was level with the top of the gap.

W.A. an Turns Trick.
A workman seized a shovel and dug a small trench, through which a rift of water trickled. Gradually it widened until, an hour later, a "racing way" with a 35-foot fall, poured through an opening 400 feet wide into that part of the canal between Gamboa docks and the Miraflores locks, which previously had been excavated by steam shovels.

This cut, which is 4,000 feet long, 300 feet wide and 41 feet deep below mean low level, was actually filled by 3 o'clock, when the waters of the Pacific poured over the first dam locks.

Dredges passed tonight through the opening and in a few days the last vestige of the barrier will be removed, establishing a practically completed channel at the Pacific end. The dredging will begin on September 2 to remove the last barrier of the Atlantic channel. When this work is accomplished, ships may navigate to the locks from both ends.

of a settlement, but it is generally regarded as doubtful whether the election of General Diaz of any other man in whose choice the rebels do not join would go far toward restoring peace in Mexico.
The authorities at Vera Cruz to whom has been given the state department's ultimatum that they would be held personally responsible for any mistreatment of Americans appear to have taken the matter philosophically. A considerable number of Americans have been through a misunderstanding on the part of the American officials and have been readjusting themselves to the situation. The authorities are attempting to comply with Washington's warning to keep Mexico quiet. Canada is holding in check those Americans who are known to be in the country. Many Americans are in the country, but they are not taking any part in the situation. The authorities are attempting to keep the situation quiet.

national assistance so that they might leave the republic, but most of these have come to the coast under the impression that they would be given first class transportation, whereas the consuls have no authority to provide better than second-class.
A large number of Americans have arrived from the interior with the idea that financial aid is to be given to all Americans for the sinking and not a few were disappointed and some indignant when forced to answer the consuls' questions as to whether they had enough money to pay their own expenses. The foreign population of Vera Cruz has increased greatly since the war. Some vessels take off a portion of them within a day or two. Consuls in Canada will have to make special provision for them.
Officials Encouraged
WASHINGTON, Aug. 31. Secretary of State Bryan upon his return today from a short business trip, announced that nothing had been received at the state department from Mexico City to cause any alarm or to change the diplomatic situation that exists between the two governments and the provisional government in Mexico City.

The secretary remained at his home all day keeping in touch with the state department by telephone. A few messages were received from the embassy at Mexico City relating to routine developments, such as supplying Americans with means to leave Mexico, and a brief message came from the special envoy, John Lind, at Vera Cruz.
Administration Encouraged
Mr. Lind it was reported, would remain in Vera Cruz tomorrow. That the administration still is content to wait for expected hopeful developments is apparent on every hand. President Wilson planning to remain at Cornish, N. H., over Labor day.
Reports of new order for mobilization of troops in Mexico by the provisional authorities caused no excitement in official circles here. At the war and navy departments officers were on duty all day, but no reports from the Mexican border were received regarding attempts to smuggle arms into Mexico.
The administration it was reported is encouraged by statements emanating from Mexico City which give strong indication that the provisional authorities do not regard negotiations with the United States as an end. There is no official statement as to Mr. Lind's intention to reply to the last note from Senator Gamboa, the secretary of foreign affairs for the provisional government.

army or all other national affairs during his visit here today.
With half a dozen other military men he came here to inspect Jefferson barracks, the second largest army recruiting station in the country. After a three hour tour through the barracks he pronounced it the "most delightful sight" he had witnessed during his 10,000-mile trip of inspection of the United States army posts.
Secretary Garrison denied rumors that he planned the enlargement of any army post and declared he was making the trip merely to become acquainted with the work of his department.

THAW'S LAWYERS

(Continued from Page One)
Thaw is held in custody by the minister of justice; the other would be to renew efforts looking for its withdrawal by Alexis C. Dupuis, the Coatsworth justice of the peace who drew it up. Dupuis has remained obdurate so far, although he says the immigration authorities, who are as anxious as are those from New York to get hold of the prisoner, have been pressing him hard. Emissaries from the Thaw family have likewise visited the justice and he and his wife are standing by their guns.
Thaw Sore at Boudreau
Thaw is highly incensed at Boudreau for asking for the habeas corpus writ, saying he never had any intention of suing anybody. It became known tonight that he had made affidavits to this effect before a notary yesterday, signing a document releasing the chief of police from any liability. At the same time he signed another paper repudiating any interest in the proceedings. As a habeas corpus writ is supposed to be in behalf of a prisoner, these Thaw documents will be used in contesting Boudreau's right to ask for a writ.
After explaining what action Thaw had taken, Mr. McKewen issued this formal statement:
"We do not believe Boudreau has any right to make application for a writ of habeas corpus for Harry K. Thaw, but should Judge Hutchinson hold that he is an interested party we will be glad to appear in which Thaw declares that he does not intend to sue Boudreau. That, in our opinion, should nullify any claim Boudreau may make as to his interest in the matter."

"INSURGENTS" WILL HAVE FINAL HEARING

Will Center Fight on Income Tax Provisions on the Tariff Bill

WASHINGTON, Aug. 31.—The burst of Democratic insurgency which lifted the tariff revision struggle out of the routine channels in the senate last week is to have its final hearing in a caucus of senate Democrats to be held late tomorrow or Tuesday. The Democratic members of the finance committee who have undertaken to compose the difference in the party ranks and devise compromise income tax provisions to meet the demands of the "insurgents" will be ready to report to the caucus by tomorrow evening.
As a result of the fight led by Senators Reed, Vandaman, Thompson, Ashurst and others of the so-called "insurgent" forces the bill will be revised as to income tax provisions and a heavier tax levied on large incomes. This change will be against the judgment of many of the party leaders who helped to frame the bill, and who point out that its proposed 4 per cent tax on incomes over \$100,000 is as high as the tax in other countries, but the "insurgents" held enough votes to control the situation and to force the adoption of some of the radical amendments proposed by Senators La Follette, Bristol, Borah and others.
Graduated Rate Proposed
It is expected that the caucus will adopt a rate graduated up to 5 per cent "additional tax" on incomes above \$100,000, with graduations from that figure up to 7 per cent on those above \$200,000. As this latter tax would strike only a few incomes in this country, many of the insurgents insist upon a greater increase after the \$100,000 figure is reached, so that the tax would be 10 per cent or even more above \$200,000. To this "additional" tax would be added the regular "normal" tax of 1 per cent.
The income tax fight is the last big contest before the final passage of the tariff bill. Its first reading was completed late yesterday, and some of the senate leaders still believed today that its final passage would occur next Saturday.
Meantime preparations are under way for opening up the currency reform fight in the senate at an early date. Bankers who joined in the cent conference at Chicago, and who adopted resolutions demanding many changes in the currency bill, are to be heard at length beginning Tuesday.
Whether other witnesses will be called has not yet been determined by Chairman Owen of the committee on banking and currency.
House leaders expect consideration of the currency reform measure to begin late in the week.

WASHINGTON, Aug. 31.—The burst of Democratic insurgency which lifted the tariff revision struggle out of the routine channels in the senate last week is to have its final hearing in a caucus of senate Democrats to be held late tomorrow or Tuesday. The Democratic members of the finance committee who have undertaken to compose the difference in the party ranks and devise compromise income tax provisions to meet the demands of the "insurgents" will be ready to report to the caucus by tomorrow evening.
As a result of the fight led by Senators Reed, Vandaman, Thompson, Ashurst and others of the so-called "insurgent" forces the bill will be revised as to income tax provisions and a heavier tax levied on large incomes. This change will be against the judgment of many of the party leaders who helped to frame the bill, and who point out that its proposed 4 per cent tax on incomes over \$100,000 is as high as the tax in other countries, but the "insurgents" held enough votes to control the situation and to force the adoption of some of the radical amendments proposed by Senators La Follette, Bristol, Borah and others.
Graduated Rate Proposed
It is expected that the caucus will adopt a rate graduated up to 5 per cent "additional tax" on incomes above \$100,000, with graduations from that figure up to 7 per cent on those above \$200,000. As this latter tax would strike only a few incomes in this country, many of the insurgents insist upon a greater increase after the \$100,000 figure is reached, so that the tax would be 10 per cent or even more above \$200,000. To this "additional" tax would be added the regular "normal" tax of 1 per cent.
The income tax fight is the last big contest before the final passage of the tariff bill. Its first reading was completed late yesterday, and some of the senate leaders still believed today that its final passage would occur next Saturday.
Meantime preparations are under way for opening up the currency reform fight in the senate at an early date. Bankers who joined in the cent conference at Chicago, and who adopted resolutions demanding many changes in the currency bill, are to be heard at length beginning Tuesday.
Whether other witnesses will be called has not yet been determined by Chairman Owen of the committee on banking and currency.
House leaders expect consideration of the currency reform measure to begin late in the week.

tary of the Transport Workers union, which he practically created, and has been the organizer of many strikes. He has enormous influence among the men.
Larkin was arrested Thursday on a charge of seditious conspiracy. He was liberated on bail on an understanding to cease agitation. Friday, however, he publicly burned the proclamation prohibiting the strikers' meeting, whereupon a warrant was issued for him.
His arrest today aroused popular anger against the police, who are accused of using their batons on women and children without discrimination. It is certain that numbers of women and children were injured in the wild rushes, many innocent people returning from church being carried down in the riots.
Troops Sent to District
Late tonight, owing to the wide area over which the rioting had spread, and the difficulty the police encountered in coping with the rioters, troops were sent into the Inchicore district, where the most serious disturbances had occurred. The troops dispersed the rioters and after 11 o'clock the streets became quiet.
One man, named Nolan, died today of injuries received Saturday. Another, who was reported dead, is in a critical condition. The Transport Workers union will give Nolan a public funeral, which, in the present revengeful mood of the populace, it is feared, will be made the occasion of further trouble.
Some accounts place the number of injured at 500 and the number arrested at 80.
It is announced that James Keir Hardie, the Socialist and Independent Labor member of parliament, is coming here tomorrow.

Woman Delays Train
ALBANY, N. Y., Aug. 31.—The discovery that Mrs. Jacob M. Dickinson, wife of the former secretary of war, lost a handbag containing a diamond necklace and other jewelry, held up the special train of Lord Chancellor Haldane until early this morning. Mrs. Dickinson attended the dinner given here last night in the lord chancellor's honor just before the distinguished visitors resumed their journey to Montreal. She was on the way to the train when she discovered the loss.
The taxicab in which Mrs. Dickinson rode to the station and the hotel dining chamber and dressing rooms, were searched in vain. Mr. and Mrs. Dickinson finally proceeded to Montreal with the rest of the party. Notice of a reward of \$200 for the return of the jewelry was given to the hotel management today.

CARGO OF STEAMER URANIUM ON FIRE

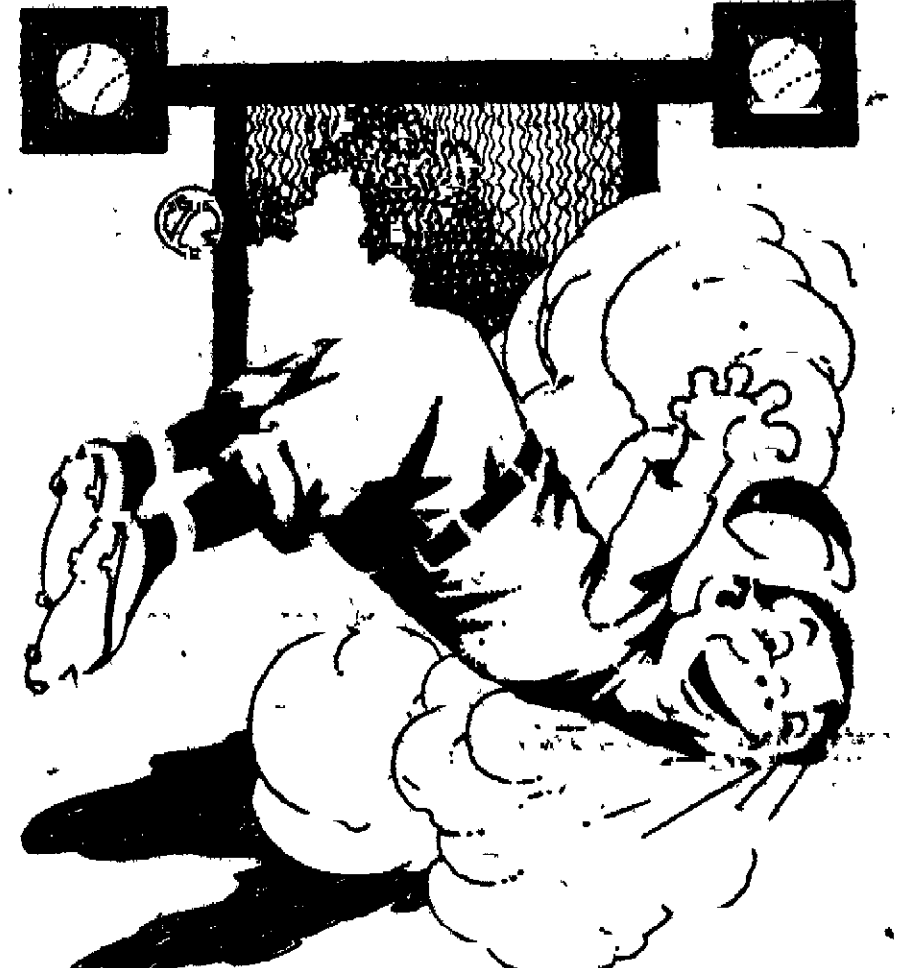

HALIFAX, N. S., Aug. 31.—The steamer Uranium from New York for Rotterdam, has arrived here with her cargo on fire. The steamer left New York Thursday, and on Friday night, when 360 miles from New York, the fire was discovered. The cargo consists of cotton and flour.
Efforts made to extinguish the flames failed. The crew battened down the hatches and the Uranium came at full speed for this port. She has 12 first-class and 128 steerage passengers, all of whom are still on board. Steam and water are being pumped into the hold.

SPRINGS MEN ARE HURT IN ACCIDENT AT PUEBLO

PUEBLO, Aug. 31.—After a rapid night ride through the streets, a large touring car containing three men crashed through the railing of the Pine street bridge over the Bessemer Irrigating canal and fell upside down in the water. Emil Peterson, a steel worker of Pueblo, was thrown against a telephone pole and received injuries to his spine which are regarded as serious. Carl Gustafson of Colorado Springs was knocked unconscious, and Charles Larson, also of Colorado Springs, was slightly injured. The men were returning from a picnic at 3 a. m., when the accident happened.

J. Kavanaugh. When not employed at the sugar factory, Brophy was engaged in whittling at Fairplay, Colo.

INDIANS NARROWLY MISS CELEBRATION

Permit for Them to Come to Shan Kive Not Given Until Saturday

A thing happened Saturday afternoon of the kind that puts gray hairs in the head of a manager of a show like the Shan Kive, and procuring Uncle Sam's precious Indians was concluded with a Garrison finish. For two hours there was a pall of gloom so thick around the place that one could have cut it, and if the difficulty had not been straightened out by dark there would have been a procession of Shan Kive committeemen headed for Kelker or elsewhere south to spend Shan Kive week.

It was 1:30 o'clock when a blue uniformed and probably blue-eyed son of Mercury floated in with the message that made the secretary blue and green and cold. It was from the superintendent of Indians at Ignacio, and stated that he had no instructions from the interior department to move the Utes to Colorado Springs, and that they would not be allowed to start the next morning.

Looked Like a Knockout

Think of that for a knockout 36 hours before the curtain was to ring up. It was then 5:30 o'clock in Washington on a Saturday afternoon, and Congressman Reidman was further away than was Shesidan at Winchester. He was spending the week-end at Asbury Park, N. J. Bitterest of all the secretary of the interior, who could have read the correspondence and settled it all with a pen scratch, had left Colorado Springs only the day before.

Telegrams fairly rained out of headquarters for a few minutes. Finally Manager Paul Holland of the telephone company got Ignacio on the wire. It seems that there is a little old private line down that way strung over fence posts that sometimes one can talk to Ignacio over and sometimes not. Happily this was one of the times it could be done. Holland sent his agent a mile and a half in a buggy to get the Indian agent. Secretary Perkins talked with him, and while this was going on a telegram came to the agent from Washington telling him that the Indians could move. At 3:30 he announced that he would start this Sunday morning and they are scheduled to reach here early this morning. It was a close call, and saved Perkins, running at all to finish the show. "Havell" without Hamlet would be nothing compared to a Shan Kive without Indians.

August 1913 Weather in Thirteen Years

The month just ended was the wettest August in 13 years, according to figures of the Colorado college weather bureau. The total precipitation was 4.37 inches, while in 1890 the total precipitation was 4.99. The mean precipitation for the last 33 years is 2.15, making last month 2.19 above the average. The maximum for daily precipitation was 2.33 inches.

The mean temperature for the month was 67.8, while that for 33 years is 64.8. The warmest day was August 12, when the mercury registered 88, and the coldest day was on the first, with a temperature of 46. The warmest day in August was in 1902, with 88, and the coldest was in 1910 with 38.

Possible sunshine for the month was 68.9 per cent, while the maximum wind movement was August 11 and 20, when 36 miles an hour was registered. There were three days of 100 per cent sunshine, 17 clear, 8 partly cloudy and six total cloudy.

SHAN KIVE MANAGEMENT WANTS PICTURES OF EVENT

Two Moving Picture Machines and Many Photographers Will Help in Boosting Pikes Peak Region.

The management of the Shan Kive hopes to get a complete pictorial record of the big show this year, much better than ever before. At least two moving picture outfits will be here, but they want photographs that may be used for publicity purposes if another Shan Kive is ever held. They will put a photographer on the job, but they will also buy copies of good pictures that are taken by others. The eastern publications simply "eat up" good pictures of Indians, both after the Shan Kive and in the advance advertising work. Photographers, both amateur and regular, are invited to submit specimens of their work to the management right after they are finished. The Chamber of Commerce also can make use of some of them.

and the first National bank. It is private ground, and the committee has full authority there. Sheriff Birdsell has appointed a force of deputy sheriffs in charge of Charles Rallick, and the best of order will be maintained. Also the concessionaires will be protected in their rights, and people moving in concessions without the consent of the committee will be expelled from the grounds.

Thomas Davies has been appointed ground master at the park and has complete charge of placing concessions or ground arrangements. He has an official tent near the entrance, and all boys and men who have applied for work during the Shan Kive should meet him at the grounds at 12 o'clock today.

The officials of the parade are as follows:
Marshal of the Pioneer division—Dr. P. M. Lennox. Aides—William Johnson, Walter Edick, Raynor Gardner, Frank Osborne and Barton Hall.
Marshal of Cowboy division—Stanley P. Burns. Aides—E. B. Kutch, Art Robinson and Oscar Cella.
Marshal of Indian division—Tom Powell. Aides—Al Markham, W. S. Reynolds, Charles Craig, E. G. Brinkworth, William H. Pitts, Herbert Sommers and Harry Scholten.
Marshal of Fire Department division—H. T. O'Brien.
Marshal of Automobile division—E. L. Whitney.

Chief of Police Burns gives warning that the Shan Kive concessionaires in the city will be protected. The city council gave the committee the right to use the streets and to collect the fees from the concessions. The Shan Kive divides the cost and the profits, if there are any, for the sale of coffee. They could not find anybody with nerve enough to take a chance on its sale at Kive, so they divided the gamble. It was the same with the dancing, nobody ready to take a chance and a town full of young fellows who are looking for sure things only. The dancing will be conducted

Last Band Concert at Stratton Park

The last of the Colorado Midland band's concerts for the regular summer season will be the Labor day concert, given at 3 o'clock this afternoon at Stratton park. The season has been the most successful the band has ever had, in the 18 years of its existence.

The organization will not disband this evening, however. It has signed a contract with the carnival committee, and for the rest of this week will remain together in this city and play for the Shan Kive. The band will play in the Labor day program this morning in the Shan Kive parade, tomorrow morning, at the cowboys dance, at the mask ball, and several times at the Shan Kive grounds. One of the features of the program, which Director Al C. Sweet has arranged will be the playing of his new march, "Garden of the Gods," which is the Shan-Kive march, in the Garden of the Gods, where it was inspired.

The program for today is as follows:
March, "Coeur d'Alene"..... Sweet
Overture, "William Tell"..... Rossini
(a) Song, "When It's Apple Blossom Time in Normandy"..... Trévor
(b) Indian Intermezzo, "Aisha"..... Lindsay
Medley of Remick's Song Hits..... Lampe

INTERMISSION

Selection, "Louisiana Lou"..... Jerome
Bourbon Dance, "Maori"..... Tiers
Valse, "The Night Owl"..... Scottie
"Home, Sweet Home, the World Over"..... Lampe
Synopsis: The composer describes the manner in which "Home, Sweet Home" is played in different countries, as follows: 1. The Air: 2. Germany; 3. Spain; 4. Russia; 5. Italy; 6. Scotland; 7. Hungary; 8. China; 9. Ireland; 10. America, concludes the piece.

on the platform that was originally intended for Indian dancing only. The store has a right to sell coffee, but nobody but the concessionaire has a right to peddle it. Those who do will have to have a heart-to-heart explanation with Burns.

Henry T. Lowe, who handles the concessions, is the busiest man in town. A large portion of the people who want concessions hail from Denver, and they are of the Hebrew persuasion, who need a lot of explaining to and bargaining with. Saturday night Mr. Lowe was at depot to meet the Roman Circus company when it got in, and he was up and at the grounds at 1 o'clock yesterday morning to inspect the circus tents where he wanted them. This so that they could get their cook tents up for breakfast. "Billy" Dornham has designated "Love Boat" circus, and it is the news it will be known under to the committee all week. The committee is happy as a clam over the fact that it got Love Boat instead of Cole Brothers' circus, as its midway attraction. It had an agreement of that kind with the owner of that affair, but was "double crossed," and felt rather angry until it saw the Cole aggregation in its shabbiness.

People going to the Shan Kive grounds are warned that they had better take along drinking cups. There is plenty of running water on the grounds, but the state law prevents the management putting out cups. Also it is likely to be a thirsty place with the crowds and autos kicking up a dust.

A vast amount of work has been done on the Shan Kive park grounds by the county and city road outfits and also by the committee's own outfit. Manager Perkins yesterday arranged to have the grounds sprinkled and rolled every day, and the mayor and city council of Colorado. City agreed to have it looked after at their expense.

To facilitate the sale of masquerade tickets, the managing committee of the Shan Kive has decided to place them on sale at a number of drug stores down town. The price is 50 cents to get into the ball and \$1 a seat in the boxes. The big sale probably will all come at once, and it was thought that it would crowd the Busy Corner store too much to have it all done there. The box plat will be retained at the Busy Corner, but general admission tickets may be obtained at the following places: Butcher's drug store, Busy Corner, Hefley's, Acularius Drug company, Gutmann drug store, the Paris drug store, Colorado Springs drug store, D. E. Monro & Co.

Mrs. E. Pratt of Denver will arrive this morning with 500 costumes and will take up headquarters in the Hagerman building, on Kiowa street. These will be rented at reasonable rates.

THE DAY'S HAPPENINGS IN SPORT CIRCLES

NEVER FACT EVERY CORNER OF THE WORLD

MOST SPECTACULAR MARATHON IN HISTORY OF STATE STARTS TODAY AT 3 P. M. 29 ATHLETES READY

0.2 Mile Run Through Streets and the
Garden of Gods Will Officially
Open Fun Festival

The crack of the starter's pistol at 3 o'clock this afternoon will send scampering 29 clean-cut, lithe-limbed athletes the first Marathon race ever run in the Pikes Peak region. These youths will run to Colorado Springs down Colorado avenue, through the business section and past the reviewing stand on Kiowa street, and thence over the Mesa and through the Garden of the Gods back to the Trail.

The Greeks, who ran Marathon races from Athens to Therapolis, never crossed a more beautiful course than those who will compete in clean amateur sport.

The start of the race will put the city of the Shan Kive in motion for four days and nights the spirit of carnival will pervade the city. Other predictions point to a perfect day, with bright, but not too hot, sunshine.

FACTS ABOUT MARATHON

Distance, 102.5 miles.
Time of start, 3 o'clock.
Probable time of race, 1 hour, 10 minutes.

Sanctioned by Amateur Athletic Union of America.

Start and finish, Shan Kive garden, Garden of the Gods.

Course, through the business section and past the reviewing stand on Kiowa street, and thence over the Mesa and through the Garden of the Gods back to the Trail.

Officials of the race are asked to be at the Shan Kive Trail at 2:30 o'clock this afternoon.

It is believed that the race will be run in about an hour and 15 minutes and that there will be a large number of runners who will qualify for the survivors' medal, finishing under an hour and 15 minutes.

Mayor Charles L. McKesson will be the official starter. The course will be thoroughly patrolled, and runners will be given protection of every sort.

Medical Examination Needed.

All the runners will have to have a physician's certificate before they can run in the race, as the committee is taking no chances of any runner with a weak heart collapsing. The course is a long one, the altitude will tell on the runners, and the grades will call for the best that is in a man.

The runners have all been numbered and will receive their numbers at the start this afternoon. Each is entitled to two attendants, who must also be numbered, and who will be allowed to accompany the entrant, but who will not be allowed to pace him.

The race is a strictly amateur affair, and each entrant is now a member of the great athletic union. The record will be filed and compared with the

record established at Denver, May 30, and if better, will stand as the Rocky Mountain A. A. U. record.

Starters—Mayor C. L. McKesson, Judge of State—Dr. Frank Acker of Manitou; The Johnson, sporting editor Denver News; T. W. Ross, sporting editor of the Gazette; Bruce Gustin, sporting editor of the Telegraph, and Prof. Roscoe Hill of the High school. Dr. Acker also is to act as scorer.

Timers—W. E. Moyer, F. A. Hissell and H. A. Hamilton.

Judges of course—J. W. Erpe, physical director of the Y. M. C. A., chief, and he to select aid.

Dr. O. R. Gillett, city physician, has consented to act as chief of staff of the physicians' board, a number of the local doctors to assist him. Every man who starts is to have a medical certificate.

Pyke Johnson, sporting editor of the Denver News, has been named as referee. W. A. Hamilton has been named as third timekeeper in place of Arthur Perkins, who is out of the city.

Joseph W. Erpe, chief judge of the course, has named the following assistant judges for the Marathon, who will have motorcycles and will watch the course from stations selected by the chief.

W. E. Doner of the Powell-Doner company, R. B. Downs of the Lucas-Downs company, J. E. Fuller, Charles Young, Walter D. Thomas, B. C. Chapman, Tracy Menard, Eugene Shadford, L. Kleinmanson, L. Morin, Lawrence Barnes, Vic Davis, Frank Sheldon, Raymond Beles.

NATIONAL LEAGUE

CHICAGO, 10; PITTSBURG, 6.

CHICAGO, Aug. 31.—Pittsburg, baffled by Bert Humphries' curves, lost a 10-to-6 game to Chicago today, and with it a chance to go in third place. O'Toole's wildness, some long and timely hits off him and Cooper, and base fielding by the visitors, combined to enlarge the Chicago total.

Toole pinned Lynch and Evers in the first inning, and Schultz sacrificed. Zimmerman was purposely walked, filling the bases, but Evers waited for four balls and forced in a run. Ward made a single scored Evers. Zimmerman bagged Evers down at the plate by Mitchell's throw. Evers was pulled at the plate in an attempted double steal. Schultz's single and Evers' homerun added two more in the third. Evers took up O'Toole's job, beginning the fourth. In the sixth he swung Saier and Miller with no one out, and threw wild on Bridwell's attempted sacrifice, and fumbles by Carey and Mitchell gave Chicago extra bases enough to make five more runs.

In the first game, Harmon was hit hard, while Johnson had his opponents at his mercy. Johnson eased up in the eighth inning and St. Louis was able to score five runs.

Grinn started the second game for St. Louis, but lasted only through the first and part of the second inning. Suggs, who pitched for Cincinnati, kept the hits scattered and was master of the situation at all times. In the seventh, Dodge stole home from third base while Trekel was winding up.

What the Press Agents Say

"CAUGHT IN THE RAIN"

"Caught in the Rain," which is to be presented by the Burns Players at a special matinee today, is a sparkling good three-act farce comedy by William Collier and Grant Stewart and Helena Montana, in which Dick Crawford, the leading character, gets caught in the rain. Crawford is a fellow who is not strong for the weather and what is he not until he happens to get caught in the rain with a pretty girl under a harbor shop awning. He falls in love at once with this girl with whom he is not even acquainted. Funny complications arise through Crawford mistaking the identity of the girl and this mistake at one time threatens to ruin the happiness of both himself and the girl for life. It happens, of course, that the girl loves him too. James Maxwell, who is Crawford's partner, is a fellow who usually "kiss" what he goes after, and will go the limit to get it. Through a dirty piece of work, Maxwell becomes engaged to the girl Crawford loves. Crawford soon after leaves Helena and goes home. At a country club some time later those enjoying themselves there are surprised to be surprised over the return of Crawford. The misunderstanding with his sweetheart is patched up, and Maxwell is released from the engagement to him, and all ends happily.

"Caught in the Rain" will be a real treat for lovers of farce comedy. It is a shock full of real clever sayings which are typically Collieresque and that should be sufficient endorsement. Remember that next week is our closing and secure your tickets early and avoid the rush.
